

# The Second International Conference on Information Security and Cyber Forensics (InfoSec2015)

All registered papers will be included in SDIWC Digital Library

November 15-17, 2015  
 University of Cape Town  
 Cape Town, South Africa  
<http://sdiwc.net/conferences/infosec2015/>

You are invited to participate in **The Second International Conference on Information Security and Cyber Forensics (InfoSec2015)** that will be held in **Cape Town, South Africa** on **November 15-17, 2015**. The event will be held over three days, with presentations delivered by researchers from the international community, including presentations from keynote speakers and state-of-the-art lectures.

## The conference welcomes papers on the following (but not limited to) research topics:

- Cyber Security**
- Distributed and Pervasive Systems Security
  - Enterprise Systems Security
  - Formal Methods Application in Security
  - Hardware-Based security
  - Incident Handling and Penetration -Testing
  - Legal Issues
  - Multimedia and Document Security
  - Operating Systems and Database Security
  - Privacy issues
  - SCADA and Embedded systems security
  - Secure Software Development, -Architecture and Outsourcing
  - Security for Future Networks
  - Security in Cloud Computing
  - Security in Social Networks
  - Security of Web-based
  - Applications and Services
  - Security protocols
  - VOIP, Wireless and Telecommunications
  - Network Security

- Digital Forensic**
- Anti-Forensics and Anti-Forensics Techniques
  - Cyber-Crimes
  - Data leakage, Data protection and Database forensics
  - Evidentiary Aspects of Digital Forensics
  - Executable Content and Content Filtering
  - File System and Memory Analysis Multimedia Forensic
  - Forensics of Virtual and Cloud Environments I
  - Information Hiding
  - Investigation of Insider Attacks
  - Large-Scale Investigations
  - Malware forensics and Anti-Malware techniques
  - Network Forensics and Traffic Analysis
  - Hardware Vulnerabilities and Device Forensics
  - New threats and Non-Traditional approaches

- Information Assurance and Security Management**
- Business Continuity & Disaster Recovery
  - Planning
  - Corporate Governance
  - Critical Infrastructure Protection
  - Decidability and Complexity
  - Digital Rights Management and Intellectual
  - Property Protection
  - Economics of Security
  - Fraud Management
  - Identity Management
  - Laws and Regulations
  - Security Policies and Trust Management
  - Threats, Vulnerabilities, and Risk Management

- Cyber Peacefare and Physical Security**
- Authentication and Access Control Systems
  - Biometrics Applications
  - Biometrics standards and standardization
  - Cyber Peacefare Trends and Approaches
  - Electronic Passports, National ID and Smart Card Security
  - New theories and algorithms in biometrics
  - Social engineering
  - Surveillance Systems
  - Template Protection and Liveliness detection

### IMPORTANT DATES

Submission Deadline	Open from now until October 15, 2015
Notification of Acceptance	2-3 weeks from the submission date
Camera Ready Submission	Open from now until November 05, 2015
Registration Deadline	Open from now until November 05, 2015
Conference Dates	November 15-17, 2015
